Leaders Training Centre was established in 2019 and has since been a reputable institute of learning. The Centre specializes in designing and implementing tailor-made courses, trainings and workshops for various sectors and professions. In Leaders, our myriad of courses range from Accountancy, Health & Safety, Management and Language. We implement proven teaching techniques and deliveries for our students to be able to learn effectively. LTC has also collaborated with many large scale international and local organizations to deliver corporate trainings and courses and has since created a rapport with these brands making them our regular clients when it comes to training. In short, we believe in quality, this is reflected in all aspects of the organization including our teaching, learning and services.

Leaders Training Centre is led by Mr Shoaib Farooq who is a qualified investment professional and a global distinction holder in ACCA UK professional exam.
